## 1. General regulations

These tariffs are valid for the airport Buochs and replace all previous published fee regulations.

Services provided that are not listed herein will be billed separately.

following charges are levied:

- Landing fees (Appendix A)
- Skyguide charges (Appendix B)
- Handling charges (Appendix C)
- Parking fees (Appendix C)
- Passenger fees (Appendix C)
- Customs fees (Appendix C)
- Noise fees (Appendix C)
- Surcharge other services (Appendix C)

Towing aircraft and motor gliders are treated equally to the engine powered aircraft.

Charges and fees must be paid by the crew before take-off unless the owner/holder has an account at AIRPORT-BUOCHS AG.

All following tariffs are listed in Swiss francs (CHF) and exclusive the statutory value added tax (VAT).

## 2. Landing fees

A landing fee is levied for every approach to the airport Buochs, also for go-around with or without touchdown.

Approaches without a following landing are free of charge if they are ordered by the air traffic controller (ordered go-around).

The landing fees and approach charges are calculated based on the maximum-take-off weight (MTOM) as is indicated in the certificate of airworthiness, in the aircraft flight manual or in an equal official document of each individual aircraft.

Surcharges to the landing fees are raised for all flights outside the normal tower operating hours (TWR OPR HRS) which need air traffic control or any other air traffic services. (see appendix C)

The rates for engine powered aircraft and helicopters are contained in appendix A.

## 3. Skyguide charges

During the normal tower operating hours (TWR OPR HRS, blue lines in graphic of chapter 9) an additional approach fee is levied for air traffic services provided by skyguide. The charges are contained in the appendix B.

## 4. Handling fees

A handling charge are applied for all aircraft with a MTOW 2500kg or more and Jets. See appendix C.

## 5. Parking fees

A parking fee calculated on the maximum take-off weight (MTOM) is levied for aircraft parking. See appendix C.

The airport authority assigns the place where aircraft may be parked.

## 6. Passenger fees

For every passenger arrives or departing from the airport of Buochs a passenger fee is raised. The tariff is contained in the appendix C.

## 7. Surcharge other services

Fire fighter, Customs, Passport check, Aircraft towing, Snow clearing and other services, see appendix C.

## 8. Noise surcharges

Noise charges are levied based on the official noise classification by FOCA/ICAO for each individual aircraft. Foreign registered aircraft are treated equally as Swiss registered aircraft. Aircraft without noise certificate are treated as aircraft belonging to the highest noise category.

If an aircraft operator requests to classify the aircraft in a lower noise category than the official ICAO/FOCA classification, it is upon the owner/operator to provide an official noise certificate giving sufficient prove for a lower classification.

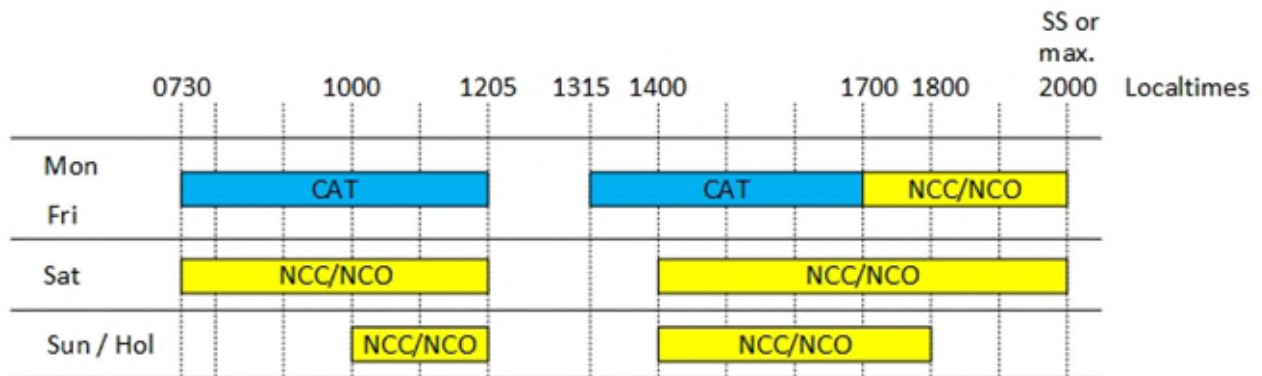

A noise charge is always raised then when a landing fee is owed. See appendix C.

# AIRPORT-BUOCHS AG

Zentralschweiz LSZC

## 9. Flights outside the regular TWR OPR HRS:

Handling of flights outside tower operating hours are only possible under NCC/NCO conditions (yellow line in graphic below). Charged based on effort (including waiting time) and usually per movement according to appendix C.

In case of annulation with a notification at the day of the movement and for weekends after Friday 15:00 LT a service fee of CHF 350.- will be charged.

## 10. Refueling

On request Jet A1 is available. No duty-free fuel available. It applies the current monthly price.

## 11. Freight charges

No handling of freight via AIRPORT-BUOCHS AG.

## Appendix C: Ground handling

### Handling

<b>MOTOW in kg</b>	<b>Lump sum</b>
2'500 - 5'600	180.00
5'601 - 8'700	360.00
8'701 <	520.00

The above listed handling lump sum includes:

- Marshalling
- Secure the Aircraft
- Securing against rolling traffic
- Accompanying the passengers
- Coordination of ground supports
- Organization of third-party companies
- CREW-Briefing
- Printouts
- Parking without overnight stay

Other Handlings (including waiting time) will be charged by lump sum 180.00 per employee and hour started.

On airport Buochs homebased aircrafts receiving a discount on the above listed handling fees.

### Parking fees outside stands

<b>MTOW in kg</b>	<b>per night</b>
< 2'500	25.00
2'501 - 5'700	70.00
5'701 - 8'600	150.00
8'601 <	150.00 + 5.00 per additional t
